

Knapstein

TESSA-S

Oberfläche

- nickel
- black
- bronze

Technical details

Country of Manufacture Germany
Manufacturer Knapstein
Year of design 2023
Projection in cm 42

materialAcryl, Steellamp baseØ26 cm

dimming gesture control

Wattage 17 W
LED # inclusive
Colour Rendering Index >90
Luminous flux in Im 1904

Color temperature in Kelvin 2.200 - 3.500 **protection** IP20

Scope of delivery LED

voltage suitability 230 - 240 Volt

bulb exchange at the manufacturer / at the factory

Dimensions H 110 cm

Description

The Knapstein TESSA-S LED floor lamp is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. The sensor is located on the underside of the light source. Simply swipe the sensor to switch the TESSA-S floor lamp on or off. The light colour of the lamp can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. This flexibly adjustable floor lamp has a ball joint at the base. An additional swivelling and tilting joint on the luminaire arm and reflector ensures precise alignment of the light. This lamp also has a white acrylic cover with a lateral light edge. The Knapstein TESSA-S is available in various surfaces.
