

Holtkoetter

Type T

Oberfläche

- aluminum
- brass
- platinum
- black

Armfarbe

- black
- sand
- blue
- red
- grey

Technical details

Country of Manufacture	 Germany
Manufacturer	Holtkoetter
Designer	Holtkötter
Year of design	2023
material	Metall
dimming	gesture control
Wattage	15 W
LED #	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1800
Color temperature in Kelvin	2.200 - 2.850
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
bulb exchange	on site itself
Dimensions	H 75 cm

Description

The Holtkötter Type T table lamp is the illuminating highlight for every taste thanks to the numerous possible combinations of surfaces and textile-coated tubes. The lamp can be switched and dimmed continuously using the gesture control. To do this, a hand is held in the sensor area of the gesture control below the reflector. When dimming, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to the dim-to-warm technology. The last set light intensity is saved using the memory function and automatically reset the next time the light is switched on. This 75 cm high table lamp has a 22 cm long base and is available in anodised brass, black, platinum and matt aluminium. The lamp head, lamp rod and lamp base each have the same finish. The flexibly adjustable lamp arm is available in the colours: sand, red, blue, grey and black.
