

Lumina

Flo Wall

Oberfläche

- Metal en níquel satinado
- Metalizado Bronce
- amarillo
- gunmetal
- rojo
- negro
- blanco

Technical details

País de origen	 Italia
Fabricante	Lumina
Diseñador	Foster+Partners
Índice de protección / Protección IP	IP20
Contenido del paquete	Lámpara
entrada de tensión	110 - 240 Volt
Proyección en cm	36
material	acero, aluminio
Atenuación	Dimmer de 2 posiciones
Potencia en vatios	3 W
LED	incluyendo
Índice de reproducción cromática	>90
El flujo luminoso en lm	250
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
distribución de la luz	directamente
Dimensiones	H 15 cm

Descripción

The Lumina Flo Wall is the wall lamp belonging to the broad Flo collection. This series is the result of the first cooperation between Lumina and the Design Studio Foster & Partners. Its design is minimalist and timeless with a fine and precise detailing integrated into a slim shape. The Flo Wall consists of aluminium and steel offered with a variety of surfaces and colours. It is either matt coated in black, white, red, yellow, lacquered in metallic bronze, in gunmetal optics (iron-coloured) or in brushed nickel.

The Wall lamp is switched via a push button placed at the lamp head. This switch has two stages being off 100% light intensity or 50% light intensity. The Lumina Flo Wall is connected with the plug included. One 3 watt LED with 2,700 Kelvin is integrated as illuminant. On request you can order this lamp also with a colour temperature of 3.000 Kelvin. If you like to order this article, please specify the Kelvin colour temperature of the lamp under the item Order Review in the field Order Comment.
