Descripción

The Lumina Naomi 2 is both a practical and an effective table lamp. The Naomi 2 is characterised by its sophisticated look as well as its swung shape. The reflector is rotatable at up to 360° due to a useful handle and the arm is easily extendable and movable by means of different joints. The Naomi 2 is perfectly suitable for illuminating tables and work places. You may regulate the light intensity via on/off switch located at the luminaire head thus being easily reachable. The Lumina Naomi 2 is available either in black anodised aluminium or polished aluminium.
