Índice de protección / Protección IP

IP20

Contenido del paquete

LED

entrada de tensión

230 - 240 Volt

Proyección en cm

60

material

aluminio

longitud del cable

300 cm

Atenuación

control por movimientos

LED

reemplazado por el profesional

Indice de reproduccion cromatica

90

Temperatura de color en grados Kelvin

Dim to warm

El rendimiento del sistema

2 x 3,6 Watt

Flujo total luminoso en lm

610

distribución de la luz

directamente

Dimensions

H 55 cm

Descripción

The Byok Nastrino USM-adapter is a table lamp, characterised by its functionality. High-quality LED technics, combined with two dazzle-free light zones, create the ideal working light. This is underlined by the well-designed joint technics, used with the Nastrino USM-adapter.

The design is very nice as well, because this lamp consists of simple ground aluminium profiles. There are offered these surfaces: aluminium matt and matt black. Byok offers this lamp also with a table clamp, table stand, rotating base and wall lamp as well. This lamp is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
