

# Escale

## Fluid pendant lamp 5-light

### Oberfläche

- aluminio pulido
- concreto
- negro
- bronce

### Technical details

### Descripción

The total height of the Escale Fluid pendant lamp 5-light can be adjusted at any time by pulling down or pushing up the lamp. It is available in the surfaces smoothed aluminum, bronze anodised, concrete or black anodised. This Fluid pendant lamp is operated with five LEDs. Two of the LEDs emit their light upwards, the other three LEDs downwards. The uplights and the downlights can be switched and dimmed separately via two push buttons on the lamp. Due to the dim-to-warm technology, the light colour changes to a warmer tone when dimmed (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
