Technical details

País de origen	 Italia
Fabricante	Luceplan
Diseñador	Alberto Meda, Paolo Rizzatto
año	1985
Índice de protección / Protección IP	IP20
Contenido del paquete	Leuchtmittel/Bulb
entrada de tensión	110 - 240 Volt
material	aluminio, nylon
Base / Portalámparas	GY6.35
conectividad	en cabezal de lámpara
Alimentación (máx. Watt)	10 Watt
longitud del brazo	45 + 45 cm
cabeza del alumbrado masa	10 cm
distribución de la luz	directamente

Descripción

The Luceplan Berenice Parete is a wall lamp whose light arms are traversable at every angle. Also a smaller light with shorter light arms is available, the Berenice Parete Piccola.

The reflectors of the lamp are offered in different colours: the reflectors in sage green, yellow, satin white and rose are made of glass, the reflectors in aluminum, brass and black are made of metal. By moving the light arms, the light can be emitted directly to the desired direction, in the variants with glass reflectors a part of the light is emitted by the reflector into the room. With an on / off switch on the head, the wall lamp can be operated. The light can be used with halogen lamps or LEDs. In 1985 Paolo Rizzatto & Alberto Meda designed the lamp.
