

Anglepoise

Original 1227 Lamp with Desk Clamp grey

Technical details

País de origen	 Reino Unido
Fabricante	Anglepoise
Diseñador	George Carwardine
año	1935
Índice de protección / Protección IP	IP20
Contenido del paquete	LED 230 Volt
entrada de tensión	110 - 240 Volt
Proyección en cm	72
material	aluminio, Hierro fundido, Textil
superficie	gris
Color del cable	gris
longitud del cable	200 cm
Atenuación	Regulable en el sitio
Base / Portalámparas	E27
conectividad	en la delantera
Alimentación (máx. Watt)	20 Watt
LED	incluyendo
Versión	-
Diamètre de l'ombre	14 cm
Altura de pantalla	16 cm
reemplazo de la bombilla:	en el sitio mismo
distribución de la luz	directamente
Dimensions	H 49 cm

Descripción

The Anglepoise Original 1227 Lamp with Desk Clamp can be mounted on tables and shelves. As with many other Anglepoise lamps, this lamp also has the tension spring technology developed by George Carwardine, which allows the articulated arm to be readjusted at any time. Thanks to this tension spring technology, the clamp lamp retains every set position. The lamp shade can be individually rotated and tilted. The Original 1227 Lamp with Desk Clamp is available in jet black, dove grey, linen white and bright chrome. The articulated arm and lamp shade are made of aluminum, the clamp made of cast iron. By using an additional neat cable clamp, the on/off switch on the supply line can be attached anywhere on the articulated arm of the lamp. Both compact fluorescent lamps and LED retrofit are suitable as light sources.
