

Catellani & Smith

Ciclotalia F

Voltage

- 230 - 240
- 125 (versión especial de Estados Unidos)

Technical details

País de origen	 Italia
Fabricante	Catellani & Smith
Diseñador	Enzo Catellani
año	2018
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	110 - 240 Volt
material	latón, vidrio
Atenuación	dimmers integrados
Potencia en vatios	5 W
LED	incluyendo
Índice de reproducción cromática	80
El flujo luminoso en lm	600
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del soporte de la lámpara	longitud 21, anchura 21 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	H 140 cm

Descripción

The Catellani & Smith Ciclotalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
