

Holtkoetter

Aura S Glass

Oberfläche

- aluminio
- latón
- platino
- negro

Glas

- Ámbar
- cognac
- gris de fumar
- opal
- opal mate

Technical details

País de origen	 Alemania
Fabricante	Holtkoetter
Diseñador	Holtkötter
año	2020
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	110 - 240 Volt
Proyección en cm	38
material	metal, vidrio
Ajuste de altura	altura ajustable
Atenuación	Toque atenuadores de luz en el palillo
Potencia en vatios	16,6 W
LED	incluyendo
Indice de reproduccion cromatica	>95
El flujo luminoso en lm	1.660
Temperatura de color en grados Kelvin	Dim to warm
Diámetro del reflector	9 cm
Dimensiones del soporte de la lámpara	25 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	H 120 - 150 cm

Descripción

The Holtkötter Aura S Glass is a floor lamp with a reflector with a mouth-blown glass. Each glass is made in traditional craftsmanship and is unique. The lamp is available with a glass in opal matt pleated, opal matt, amber, cognac or smoke grey. In addition, the floor lamp is offered in the surfaces brass anodised, black, platinum and aluminum matt. The reflector can be aligned as desired. Thanks to the glass, light is emitted glare-free directly and laterally through the reflector into the room. Depending on the glass selected, the light emitted laterally is coloured.

The Aura S glass can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the light rod. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The series also includes the Aura S with a metal reflector.
