

Bover

Lineana V-brown

Technical details

País de origen	 España
Fabricante	Bover
Diseñador	Christophe Mathieu
año	2010
Índice de protección / Protección IP	IP66
Contenido del paquete	Leuchtmittel/ Bulb
entrada de tensión	110 - 240 Volt
Profundidad en cm	10
material	acero Inoxidable, aluminio, policarbonato
superficie	marrón
Atenuación	Regulable en el sitio
Base / Portalámparas	G9
Versión	-
El rendimiento del sistema	2 x 9 Watt (max.)
distribución de la luz	indirectamente
Dimensions	H 38 cm L 21 cm

Descripción

The Lineana V wall lamp was created by the designer Christophe Mathieu and is manufactured by the Spanish manufacturer Bover. The metal strips running across the lamp ensure that the light is emitted upwards, downwards and to the sides and front. Thanks to the use of IP66 protection class, this wall lamp is weatherproof and protected not only against splashing water but also against water jets and UV radiation. The Bover Lineana V wall lamp is provided with additional protection against oxidation in epoxy polyester and is available in graphite brown or graphite grey. The wall-mounted part of the rectangular Lineana V is 37.6 cm high, 14 cm wide and 10 cm deep. The length of the metal slats running along the front is 21 cm. The on-site dimmable lamp has two G9 sockets, the lamps are replaceable.
