## Descripción

The Bopp Close round 1-flame ceiling light has a diameter of 12 cm and a height of 1.5 cm. The LED ceiling light is available in the surfaces aluminium anodised, black anodised and white anodised. This round as well as very flat designed ceiling lamp made of aluminium has an integrated LED in the centre of the lamp, which emits warm white light. The light of the LED is characterised by a very good colour rendering with a very high colour rendering index of Ra 95. When the Bopp Close ceiling light is dimmed, the light colour of the LED changes to a warmer tone (from 3,000 Kelvin warm white to 2,000 Kelvin extra warm white) thanks to the dim-to-warm technology.
