## Descripción

The Loom Design Arn is a bollard light made of black aluminum. With IP65 protection, it is well suited as an outdoor lamp, as it is dustproof and protected against water jets from any angle. In the lamp head, a lens made of crystal glass is integrated, through which the light is emitted delineated and directly downwards with a beam angle of 100 degrees. As illuminant, an LED is integrated, which has a colour temperature of 2,700 Kelvin extra warm white. The Arn bollard light is 70 cm high and has a width of 9 cm. It has a length of 12.8 cm. The lamp can be mounted in a foundation or on solid ground.
