Technical details

País de la Fabricación	 Alemania
fabricante	Betec
diseñador	Horst Lettenmayer
protección	IP20
Volumen de suministro	LED
entrada de tensión	110 - 240 Volt
Proyección en cm	22
material	latón
Atenuación	dimmable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	9,3 W
LED	incluyendo
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	931,1
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensions	H 28 cm L 66 cm

Descripción

The Betec Clarus picture light is offered here with a length of 66 cm and a projection of 22 cm (bracket type 22). Its lamp head can be rotated around its own axis so that it can illuminate and highlight a picture without glare. This makes it ideal for illuminating pictures, menus and music stands. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting.

The Betec Clarus 66 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. High-quality brass is used in the production, which is processed with craftsman's care. The scope of delivery includes a mounting set with which the light can be easily attached directly to a picture or to the wall. The picture light is supplied as standard with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. The picture light is offered by Betec in ten other lengths and with a projection of 11 cm or 17 cm.
