Descripción

The Betec Clarus is ideal for illuminating pictures, menus and music descs. It has a lamp head that can be rotated around its own axis. This makes it particularly good for illuminating and highlighting a picture without glare. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting. The picture light available here is 76 cm long and has a projection of 22 cm (bracket type 22).

The Betec Clarus 76 cm is offered in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The German manufacturer Betec uses high-quality brass in the production and processes it with craftsmanship. The scope of delivery includes a mounting set with which the light can be easily attached directly to a picture or to the wall. As standard, the picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus picture light in ten other lengths and with a projection of 11 cm or 17 cm.
