

Bover

Nans A/01 Outdoor

Schirmfarbe

- marfil pálido
- marrón
- rojo

Technical details

País de la Fabricación	 España
fabricante	Bover
diseñador	Joana Bover
año	2022
protección	IP65
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
Profundidad en cm	27
material	acero Inoxidable, aluminio, policarbonato, polietileno
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	8 W
LED	incluyendo
Índice de reproducción cromática	90
El flujo luminoso en lm	635
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Diamètre de l'ombre	17 cm
Altura de pantalla	17 cm
reemplazo de la bombilla:	en el fabricante / en la fabrica
La superficie de montaje en pared	marron
Montaje en pared	12 cm
Dimensiones	H 26 cm

Descripción

The Bover Nans A/01 Outdoor wall lamp has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade is 16.5 cm high and has a diameter of 16.7 cm. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the wall light is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted laterally, creating a light as well as shadow pattern on the wall.

The Nans A/01 Outdoor is offered with a lamp shade in the colours red, brown and beige. The wall mounting made of stainless steel and aluminum always has a graphite-brown colour. Including the wall bracket, the lamp is 26.5 cm deep and 26 cm high. The wall lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A version that can be dimmed with a Casambi module by smartphone via Bluetooth is also available on request. This optionally offered version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus extends the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where the vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
