

Domus

Kioto 6

Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	1989
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
material	Lunopal, madera, metal
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	28 W
LED	incluyendo
Indice de reproduccion cromatica	>80
El flujo luminoso en lm	4.200
Temperatura de color en grados Kelvin	3.000 blanco cálido
Dimensions	H 8 cm B 36 cm L 68 cm

Descripción

The Domus Kioto 6 is 68 cm long and 36 cm wide. Its height is 8 cm. Its lamp shade is made of Lunopal, a high-quality material that Domus has developed for its lamp shades. It is reminiscent of fine Japanese paper, is particularly environmentally friendly and does not fade. The white transparent lamp shade is surrounded by a wooden frame made of beech. The Kioto 6 can also be used as a wall lamp and can be mounted as a surface-mounted or recessed lamp. It is operated by a powerful, dimmable LED and has a colour temperature of 3,000 Kelvin warm white. A beech covering frame is available as an optional accessory, which can be used to cover the metal bracket of the lamp.
