Descripción

The Licht im Raum Ocular Spot 1 Series 100 semi-recessed round has a swivelling lens with a diameter of 100 mm. The Ocular lenses focus and control the light in a precise, glare-free way, creating a superior quality of light. With a swivel and tilt joint, the lamp head of the ceiling and wall lamp can be directed.

The Ocular Spot 1 Series 100 semi-recessed round is made of stainless steel and is available with a matt nickel or polished finish. The round recessed socket of the lamp can be installed in the wall or ceiling. A particularly powerful and long-lasting LED with a beam angle of 70° is integrated as the light source.
