

Licht im Raum

Ocular Spot 2 Series 100 Zoom semi-recessed

Oberfläche

- niquelado satinado
- pulido

Technical details

País de origen	 Alemania
Fabricante	Licht im Raum
Diseñador	Licht im Raum
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
material	acero Inoxidable
angulo del rayo	50 - 70 grados
Atenuación	Regulable en el sitio
El flujo luminoso en lm	4.708
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
diámetro de la lente	100 mm
cabeza del alumbrado masa	12 cm
El rendimiento del sistema	2 x 17,1 Watt
Dimensions	H 17 cm L 30 cm

Descripción

The Light in Space Ocular Spot 2 Series 100 Zoom semi-recessed is a two-lamp spotlight. The two lenses, each with a diameter of 100 mm, can be swivelled. The Ocular lenses focus and control the light in a precise, glare-free manner, creating an outstanding quality of light. To change the beam angle of the light, the lenses can be zoomed in or out. In this way, the beam angle can be variably adjusted between 50 and 70 degrees.

The two lamp heads of the lamp can be directed via swivel and tilt joints. The Ocular Spot 2 Series 100 Zoom semi-recessed is made of stainless steel and is available with a matt nickel or polished finish. The rectangular recessed box is semi-recessed into the ceiling or wall.
