

Holtkötter

Supernova DW

Oberfläche

- aluminio
- latón
- platino
- negro

Technical details

País de origen	 Alemania
Fabricante	Holtkötter
Diseñador	Holtkötter
año	2019
Potencia en vatios	1 x 40 + 1 x 71 W
LED #	inclusive
Índice de reproducción cromática (CRI / Ra)	>90
Flujo luminoso en lm	14700
Temperatura de color en kelvin	2.200 - 2.900
Índice de protección / Protección IP	IP20
Contenido del paquete	LED
entrada de tensión	230 - 240 Volt
Proyección en cm	71
material	metal
Atenuación	Toque atenuadores de luz en el palillo
Dimensiones del soporte de la lámpara	42 cm
cabeza del alumbrado masa	42 cm
reemplazo de la bombilla:	en el sitio mismo
Dimensions	H 185 cm

Descripción

The Holtkötter Supernova DW arched lamp has a lamp head consisting of two parts: an outer ring and an inner disc. The two parts of the lamp head each have an integrated LED. The LEDs can be operated and adjusted via a touch dimmer panel centrally located on the luminaire rod. The outer and inner rings can be switched together or separately and dimmed continuously. When dimming, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The last light setting used is saved using the memory function. As the inner and outer rings can be swivelled independently of each other, the light emission can be directed both directly and indirectly. The Supernova DW floor lamp from the German manufacturer Holtkötter is available in matt aluminium, platinum, anodised brass and black.
