

Holtkoetter

Janus E

Struktur

- noir
- aluminium
- noir / laiton

Technical details

Pays de fabrication	 Allemagne
fabricant	Holtkoetter
concepteur	Holtkötter
année	2024
Projection en cm	42
matériel	Mettall
réglage de la hauteur	réglable en hauteur
atténuation	Section de phase
Puissance en Watt	18 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	2700
La température de couleur en Kelvin	2.200 - 2.850
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
tête de luminaire masse	18 cm
remplacement des ampoules :	sur le site meme

Description

The Holtkötter Janus E ceiling lamp offers powerful light with 2,700 and a color rendering index of over 90, which is emitted directly or indirectly as desired. The lamp arm attached to the side of the rectangular canopy can be swiveled up to 180°. The lamp head, which can be continuously rotated and swiveled in all directions and contains a replaceable LED board, allows the light to be individually aligned. When dimming, the light color of the integrated LED changes to a warmer tone thanks to the dim-to-warm technology (from 2,850 Kelvin warm white to 2,200 Kelvin warm white). The maximum projection of the Janus E ceiling light is 42 cm. The ceiling canopy is 22.5 cm long, 6.2 cm wide and 3.6 cm high. The Janus E from the German manufacturer Holtkötter is available in the following surface structures: matt aluminum, black/anodized brass and black.
