Daphine LED

surface

- nickel
- noir
- blanc
- rouge
- Bronze Metallic
- jaune

Technical details

Pays de fabrication	 Italie
Fabricant	Lumina
Créateur	Tommaso Cimini
Indice de protection / Indice IP	IP20
Contenu de la livraison	Ampoule
aptitude de tension	110 - 240 Volt
Projection en cm	48
matériel	métal
atténuation	intégrée Pushbutton gradateur
commutabilité	deux étapes interrupteur à bascule
Puissance en Watt	9 W
LED	y compris
Indice de rendu des couleurs	97
Flux lumineux en lm	775
La température de couleur en Kelvin	2.700 extra blanc chaud
répartition de la lumière	directement
Dimensions	H 35 cm

Description

The Lumina Daphine LED combines classic design with modern LED technology. The individual lamp arms can be swiveled and rotated independently. Together with the 360 ° rotatable head, the lamp is extremely flexible.

The base doesn't contain only the converter, but also a switch for the regulation of the light. A magnetic key, which is supplied, can be switched between the on / off switch and the dimmer at the base of the lamp. The on / off switch has the following levels: One, half light, and off. The dimmer is a touch dimmer, the light intensity is continuously dimmed by long holding. The classic design is offered in the colors black soft-touch, matt white, red, yellow, metallic bronze and nickel plated. As standard, the table lamp has a colour temperature of 2,700 Kelvin, on request it is also available with 3,000 Kelvin. If you like to order this article, please specify the colour temperature under the item Order Review in the field Order Comment.
