Description

The Lumina Flo Grommet F20 is one out of two Flo table lamps thought to be directly embedded into the table plate to save space. This lamp is suitable for mounting it into tables with a maximum plate thickness of 5 cm. The drilling has a diameter of 2 cm. The Flo Grommet F20 is made of aluminium and steel available in a variety of surfaces and colours. This lamp has a switch next to the lamp head. This switch has three positions being: Off, 100% light intensity, 50% light intensity. One 6 watt LED with 2.700 Kelvin is integrated. On request this lamp is also available with a colour temperature 3.000 Kelvin.

is integrated. The Flo family is the result of the first cooperation of Lumina and Foster & Partners. The design is minimalist and timeless integrating fine details into a slim shape. The idea was to create a functional reading light embedding the latest LED technology into a simple floating shape. The modern elegance of the Lumina Flo Grommet F20 is achieved not only through the sophisticated shaping but also through the omission of external mobile parts like coils or springs. If you like to order this article with 3,000 Kelvin warm white, please specify the Kelvin colour temperature of the lamp under the item Order Review in the field Order Comment.
