### Description

The Ingo Maurer Lucellino Table Lamp is a new version of the Lucellino table lamp. The original lamp had an incandescent lamp on a holder including a pair of wings. The current lamp is operated with an E27 LED bulb that looks deceptively similar to an incandescent lamp. The pair of wings is handmade from real goose feathers.

The Lucellino Table by Ingo Maurer is switched and dimmed with a cord dimmer with slider. Unlike many other lamps, this table lamp changes not only its brightness but also its light colour when dimmed down thanks to the dim to warm technology. When dimmed, this changes the light colour of the table lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
