### Description

With an edge length of 120 x 120 cm and a height of 33 cm, the Keilbach Fluxus Grande fireplace is particularly large. It can be equipped with 2 barbecue rusts (each 42 x 40 cm) and offers enough barbecue area even for a large celebration.

Fluxus Grande can stand like an art object the whole year in the garden. The 3 mm thick sheet steel is dark and bright in its original condition. This corrodes in the course of the time and the fireplace receives so its individual, rust-colored patina. In addition, the soot leaves interesting contrasts on the corroding material. However, the oxidized material can leave traces on the ground.
