Diamètre en cm	17
matériel	aimant, aluminium, Fer, la cire de bougie
Diamètre du réflecteur	17 cm
Pied de lampe dimensions	longueur 11, largeur 11 cm
Dimensions	Ø 17 cm

Description

The Catellani & Smith Luna Table is not an ordinary table lamp, because as lamp a candle is used. Included is a white candle, which fits perfectly into the low candlestick. But it can of course be replaced at any time. The candlestick standing on a lamp stand with dimensions of 11 x 11 cm. Behind the holder for the candle a round disc with a diameter of 17 cm is attached, which is slightly curved inwards. A smooth, noble processed surface covers this disc, which is available in three different colours. The reflector disc is offered in silver leaf, gold leaf or copper. Depending on the colour also changes the reflected glow of the lamp.

As materials for the candle holder was used aluminum for the disc and waxed rough iron for the candlestick. The holder for the candle, which can be equipped with a tea candle, itself is made also of waxed rough iron and holds with a magnet on the lamp stand.
