

Serien Lighting

SML LED white Medium satinee-raster 2700 Kelvin

Technical details

Pays de fabrication	 Allemagne
Fabricant	Serien Lighting
Créateur	Jean Marc da Costa
Indice de protection / Indice IP	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Profondeur en cm	9
matériel	aluminium, polycarbonate
surface	blanc
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	15 W
LED	y compris
Indice de rendu des couleurs	90
Flux lumineux en lm	1.540
La température de couleur en Kelvin	2.700 extra blanc chaud
Version	Medium
remplacement des ampoules :	sur le site meme
répartition de la lumière	directement et indirectement
Couverture légère	satinee / données raster
Dimensions	H 3 cm L 22 cm

Description

The Serien Lighting SML LED is a flexible wall lamp available in the surfaces polished, silver-, white- and black lacquered. The polished SML is offered as a separate article (SML LED polished aluminum). Every surface is available in the three sizes Small with a length of 15 cm, Medium with 22 cm and Large with 30 cm. Depending on the Size, there are built in different LED stripes. For the Small, it is a 10 Watt, for the Medium a 15 Watt and for the Large a 20 Watt LED stripe. Every size is offered with different colour temperatures.

The Medium and Large versions can be regulated via an external trailing edge dimmer. For all the three versions, a cover plate and a mirror adapter are available as optional accessories. Depending on the choosen lamp cover, the light of the SML is scattered symmetrically up and down (satinee/satinee) or scattered in one direction and in the other dimmed (satinee/raster).
