Technical details

Pays de fabrication	 Allemagne
Fabricant	less'n'more
Créateur	less'n'more
Indice de protection / Indice IP	IP43
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium, béton, verre
angle du faisceau	50 - 100 degrés
Puissance en Watt	12,6 W
LED	y compris
Indice de rendu des couleurs	95
Flux lumineux en lm	1.200
canopée Dimensions	15 cm
tête de luminaire masse	9 cm
remplacement des ampoules :	sur le site meme
Nombre LED	1
répartition de la lumière	directement
Dimensions	H 18 cm

Description

The Less'n'more Ylux Wall / Ceiling Spotlight can be used for the ceiling or wall. The lamp head can be rotated by 360 degrees and tilted by 135 degrees. It has a diameter of 9 cm. The light source is an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. The beam angle of the lamp head is continuously adjustable from 50 to 100 degrees by turning the glass lens out of or back into the lamp head. With a larger beam angle, the light is distributed over a larger area.

The Ylux Wall / Ceiling Spotlight has a canopy with a diameter of 15 cm and a height of 5.5 cm. This is available in concrete white or concrete grey. On request, the lamp is also offered with a canopy in black. Due to the natural composition of the material, the surfaces for the canopy can vary, i.e. lighter/darker. On request, this wall / ceiling lamp is also available as a recessed lamp with an aluminum mounting plate with a diameter of 10 cm.

The lamp head of the Ylux wall / ceiling spotlight is available in the colours aluminum polished, glossy white, matt white, glossy black or matt black. It is made of aluminum. The lamp is offered dimmable on site with a trailing edge phase dimmer or with an integrated rotary dimmer on the lamp head. On request, the wall and ceiling lamp is also available DALI dimmable.
