<b>Créateur</b>	Michael von Jakubowski & Rainer Krause
<b>année</b>	2004
<b>Indice de protection / Indice IP</b>	IP20
<b>Contenu de la livraison</b>	Leuchtmittel/ Bulb
<b>aptitude de tension</b>	110 - 240 Volt
<b>matériel</b>	acier Inoxydable, aluminium, cristal verre
<b>surface</b>	acier inoxydable poli
<b>atténuation</b>	dimmerable sur place
<b>Dimensions</b>	H 17 cm

## Description

The Anthologie Quartett Crystal Rain Ceiling Lamp Round is designed by Michael von Jakubowski and Rainer Krause. The appeal of this round ceiling lamp is in its brilliant combination of brilliant crystal glass and a handmade mirror-polished stainless steel structure. Unlike lamps Collections Cellula and Jahreszeiten (with diverse hand-polished crystals), the crystal glasses for the light Crystal Rain are machine-polished with a very high standard.

The series Crystal Rain by Anthologie Quartett consists of round and oval pendant, ceiling and wall lights. The diameter of the round ceiling lamp Crystal Rain is optional 30, 45, 60, 75, 90 or 120 cm. The smallest ceiling version has 3 lamps and a diameter of 30 cm. The largest light is equipped with 18 lamps and has a diameter of 120 cm. Note: by using retrofit sockets (G9 or E14), state-of-the-art light sources can also be used in the future. In terms of sustainability, the lamp can therefore shine in its light for many years to come.
