

Luceplan

Hope Ceiling 69

Technical details

Pays de fabrication	 Italie
fabricant	Luceplan
concepteur	Paolo Rizzatto
concepteur 2	Francisco Gomez Paz
année	2009
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
Diamètre en cm	69
matériel	acier, polycarbonate
surface	transparent
atténuation	dimmerable sur place
base/version	E14
Les performances du système	3 x 60 Watt (max.)
Dimensions	H 42 cm Ø 69 cm

Description

The Luceplan Hope Ceiling 69 is the smallest of two ceiling lights of this series with a diameter of 69 cm. The height of the lamp is 41.5 cm. This smaller ceiling light differs from the larger one by the diameter, but also by the smaller number of Fresnel lenses arranged in pairs on a transparent support structure. The Fresnel lenses break the light like glass and simultaneously produce numerous reflections on the wall, floor and ceiling.

The lighting series was created by the designers Paolo Rizzatto and Francisco Gomez Paz in the year 2009. The both designers were inspired by the famous Hope Diamond. The series has already won several prizes such as the Compasso d'Oro and the Red Dot Design Award.
