

Anglepoise

Original 1227 Desk Lamp

Oberfläche

- chrome
- noir
- gris
- vert
- blanc

Technical details

Pays de fabrication	 Royaume-Uni
fabricant	Anglepoise
concepteur	George Carwardine
année	1935
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Projection en cm	72
matériel	aluminium, Fonte, Textile
longueur de câble	200 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	20 Watt
LED	y compris
Diamètre de l'ombre	14 cm
Hauteur de Abat	16 cm
Pied de lampe dimensions	longueur 15, largeur 15 cm
répartition de la lumière	directement
Dimensions	H 59 cm

Description

The Anglepoise Original 1227 Desk Lamp is a particularly flexible table lamp thanks to tension spring technology. Its lamp arms are individually adjustable by constant tension spring technology, whereby the light distribution can be precisely adjusted again and again. The lamp shade can be tilted and rotated. Due to the tension spring technology, the lamp arms and shade remain in any set position.

The Original 1227 Desk Lamp was launched by Anglepoise in 1935 and has retained its iconic design to this day. British industrial designer George Carwardine developed tension spring technology for this table lamp, which is still in use today. The lamp arms and lamp shade are made of aluminum, the lamp base of cast iron with a steel cover. The desk lamp is available in the surfaces jet black, linen white, dove grey, sage green and bright chrome. The light can be operated with an on/off switch on the supply line. LED retrofit or compact fluorescent lamps can be used as light sources.
