

Anglepoise

Original 1227 Brass Lamp with Wall Bracket

Oberfläche

- noir
- gris

Technical details

Pays de fabrication	 Royaume-Uni
fabricant	Anglepoise
concepteur	George Carwardine
année	2014
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Projection en cm	88
matériel	aluminium, Fonte, laiton, Textile
longueur de câble	200 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	20 Watt
LED	y compris
Diamètre de l'ombre	16 cm
Hauteur de Abat	14 cm
remplacement des ampoules :	sur le site meme
répartition de la lumière	directement
Dimensions	H 55 cm

Description

The Anglepoise Original 1227 Brass Lamp with Wall Bracket is a wall lamp with brass elements. Both the shade cap as well as the bridle of the lamp shade and the fittings of this lamp are made of brass. The lamp shade and the lamp arms are made of aluminum. Thanks to tension spring technology, the lamp arms can be readjusted again and again. This technology ensures also that they remain in any set position. The light shade can be rotated and tilted. Industrial designer George Carwardine developed the proven tension spring technology for the first Anglepoise desk lamps. The Original 1227 Brass Lamp with Wall Bracket is available in elephant grey and jet black. In the selected surface are the lamp shade, the lamp arm as well as the wall bracket. The steel lamp shade has a glossy paint finish. The wall mounted lamp has an on/off switch on the supply line. LED retrofit or compact fluorescent lamps are suitable as light sources.
