

Nyta

Tilt Globe Wall Short

Oberfläche

- noir
- gris
- blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	Nyta
concepteur	jjoo design
année	2017
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
Profondeur en cm	23
matériel	aluminium, Textile
base/version	E14
Transférabilité	sur le support mural
Puissance (max. Watt)	46 Watt
répartition de la lumière	directement
Support mural Dimensions	9 cm
Dimensions	H 19 cm

Description

The Nyta Tilt Globe Wall Short is a wall lamp with a rotating shade. The shade can be rotated by 360 degrees, which allows the light distribution to be readjusted again and again. The shade of this lamp is made of matt lacquered aluminum and is available in the following surfaces: white, black and grey. From the inside, the shade is always white. The wall bracket has the same surface as the shade. This wall light is mounted directly on the power outlet, on request it is also available with cable. The cable colours black, white, grey, red, light blue and light green are optionally available. An on/off switch is integrated on the wall bracket. The wall light can be operated with LED retrofit lamps or halogen lamps.
