

Knapstein

AURA

Oberfläche

- nickel
- noir

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium, métal
atténuation	controle gestuel
Puissance en Watt	43 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	5.100
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	28 cm
tête de luminaire masse	30 cm
Dimensions	H 184 cm

Description

The Knapstein AURA floor lamp emits its light upwards to the ceiling. The lamp has a height of 184 cm. The Knapstein floor lamp can be switched and infinitely dimmed by gesture control. The sensor area for the gesture control is located in the centre of the light rod. The light is switched on or off with a wiping hand movement in the sensor area. To dim the light continuously, the hand is held near the sensor for a longer period of time. A memory function saves the last set light intensity and automatically selects it the next time the lamp is switched on. In the event of a mains failure, the lamp is automatically switched on if it was previously on. It remains switched off if it was also switched off before the mains failure. This function is suitable for use with switchable sockets.

The AURA is available in black and nickel matt finish. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as the light source. The lamp is also offered with a rotating and swivelling reading arm.
