

# Knapstein

## NORA

### Oberfläche

- nickel
- bronze

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Knapstein
<b>concepteur</b>	Knapstein
<b>année</b>	2020
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	230 - 240 Volt
<b>matériel</b>	laiton
<b>atténuation</b>	controle gestuel
<b>Indice de rendu des couleurs</b>	>90
<b>La température de couleur en Kelvin</b>	2.200 - 3.000 réglable
<b>Pied de lampe dimensions</b>	27 cm
<b>Les performances du système</b>	2 x 36 Watt
<b>Flux lumineux total en LM</b>	8.580
<b>Dimensions</b>	H 160 cm

### Description

The Knapstein NORA floor lamp has a rotating and swivelling light rod, which can be repositioned again and again via a ball joint on the lamp base. The lamp emits light both directly to the front and indirectly, e.g. to the wall. The two light sources can be switched separately and infinitely dimmed by gesture control. It is also possible to use gesture control to adjust the light colour for both light sources separately to produce a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved by the memory function and are automatically adjusted again the next time the light source is switched on. The NORA from Knapstein has a height of 160 cm and is operated with two LEDs. The floor lamp is available with matt nickel and bronze effect surfaces.
