

Mawa

Etna KPM Edition

Technical details

Pays de fabrication	 Allemagne
fabricant	Mawa
concepteur	Martin Wallroth
protection	IP20
aptitude de tension	110 - 240 Volt
matériel	porcelaine
surface	blanc
atténuation	dimmerable sur place
base/version	E27
Puissance (max. Watt)	60 Watt
lampe incluse	non
Dimensions	H 9 cm

Description

The Mawa Etna KPM Edition is a new edition of the ceiling and wall lamp by Mawa. The lamp was developed in collaboration with the Königliche Porzellan-Manufaktur Berlin (KPM, Royal Porcelain Manufactory Berlin), which has been known for producing porcelain collector's items and lamps for over 250 years. The porcelain of the lamp is produced with handcrafted precision, fifteen filigree handwork steps and ten working days are needed until completion. The Etna KPM Edition has the shape of a volcanic cone with a height of 9 cm and a diameter of 16.5 cm. The E27 socket can be operated with different globe halogen lamps or LED retrofit bulbs, which have a maximum power of 60 watts. Depending on frosted or transparent bulb, the effect of the lamp and the light distribution change fundamentally. **The bulb is exclusive.**
