Description

The rectangular LED ceiling light Bopp Session 6-light is made of aluminium and emits warm white light glare-free directly and into the room. This LED ceiling light in the polished aluminium finish is 115 cm long, 8 cm wide and 12 cm high. The rectangularly designed lamp has a combination of two tiltable and rotatable spotlight heads and four fixed luminaire elements. The two tiltable and rotatable spotlight heads enable precise alignment of the light sources. The lamp is available in three versions: dimmable with a trailing edge and / or leading edge phase dimmer, with a Casambi module or with a ZigBee module. With a Casambi module, it is possible to operate the ceiling light via smartphone or tablet using the Casambi app via Bluetooth. With a ZigBee module, the lamp can also be regulated via voice control. Both modules allow the lamp to be controlled via app.
