Description

The Betec Hamus 2 is a wall and ceiling lamp with an aesthetic housing made of polycarbonate. It has two lamp arms, each with a rotatable LED spotlight. Each LED spotlight can be moved as desired on its lamp arm. The arms of the lamp can be swivelled 180 degrees on the bracket and each has a projection of 35 cm. Whether as a picture lamp or as a ceiling spotlight, this variable complete lamp meets all requirements. The wall or ceiling bracket can be recessed into drywall ceilings.

The Hamus 2 is offered with two spotlights in black and white. The lamp arms are always supplied in nickel-plated brass. The wall and ceiling bracket is 10 cm long and wide and has a depth or height of 4.7 cm. **The GU5.3 LED bulbs are exclusive**.
