<b>Dimensions</b>	H 30 cm   L 86 cm

### Description

The Betec Clarus is ideal for illuminating pictures, menus and music stands. Its lamp head can be rotated around its own axis and can be realigned as needed to illuminate a picture without glare. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting. The picture light is offered here with a length of 86 cm and a projection of 17 cm (bracket type 17).

The Betec Clarus 86 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the lamp can easily be attached directly to a picture or to the wall. As standard, the picture light is available with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also offered with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. From the Clarus series, there are also offered lamps in ten other lengths and with a projection of 11 cm or 22 cm.
