### Description

The Arturo Alvarez Tempo Vivace TEVI04 has a protection rating of IP64 and is therefore suitable as an outdoor lamp. With this protection class, it is dustproof and protected against splashing water on all sides. The lamp shade of this pendant lamp is made of a lacquered stainless steel metal mesh and is available in the surfaces white and grey. On request, the lamp is also offered in taupe and beige. This stainless steel metal mesh is a translucent and flexible mesh made of metal, which is shaped into the desired form and structure during production. The lamp shade is 27 cm high, 43 cm long and 39 cm wide. The black, waterproof neoprene cable of this pendant lamp can be shortened if necessary. The lamp can be operated with an E27 LED retrofit.

The Tempo is a pendant light collection made of lacquered stainless steel mesh. This material, worked in fine folds, forms two overlapping layers that create two different lamp bodies full of dynamism. Andante and Vivace are two forms full of liveliness that emerge from one. They are the representation of two moments created by the same movement at different speeds.
