<b>Diamètre en cm</b>	17
<b>matériel</b>	aluminium
<b>atténuation</b>	dimmerable sur place
<b>Dimensions</b>	H 34 cm   Ø 17 cm

#### Description

The ceiling bracket of the B.Lux Aspen C17B has a grid through which a small part of the light is also emitted laterally and upwards. This creates a light effect on the ceiling around the lamp. This ceiling light is available in the surfaces aqua blue and snow white.

The Aspen C17B is on offer in E27 and LED versions. The E27 lamp can be operated with a replaceable E27 LED (retrofit). The lamp with integrated LED has an output of 16.6 watts and a colour temperature of 2,700 Kelvin extra warm white. The Aspen C17B ceiling lamp is also available on request in other surfaces (see configurator PDF). In addition to this lamp, B.Lux also offers the Aspen C17A with a diameter of 17 cm and a height of 22 cm.
