Omschrijving

The K-meral TRIS is the origin of the collection "Light from the Fire". The filigree porcelain flames, the natural surface and the harmonious atmosphere of the light result in combination of a completely unique lamp. The TRIS pendant lamp is available in one or four lamps. Depending on the variant, the lamp consists of one to four porcelain lanterns and a canopy or a brushed aluminum strip.

The light screens emit a direct, neutral light onto the surface to be illuminated and a warm diffuse light in the surrounding area. By simply pushing the coaxial cable into the ceiling housing, the light can be individually adjusted in height.

The lamp is supplied with the light fitting "TIWI". The light fitting TIWI is a beautiful accessory, which gives this design a very special touch. The small flame with the art name TIWI is made of aluminum and is cast in one piece in one elaborate process, then ground by hand and at least worked for days in a drum to obtain the perfect abrasion.
