## Omschrijving

The Lumina Cloe table lamp is the perfect combination of sophisticated elegance and practical functionality. The metal rods of the illuminant are rotatable and swivelable.

The reflector of the Cloe can rotate 360 °, thus ensuring a flexible and glare-free lighting at the desk. The maximum extension range of the arm lamps made of lightweight steel is about 80 cm.

The Lumina Cloe table lamp is available in three colors: black, white and metallic satin nickel. The colors are a real eye-catcher. As standard this LED light is supplied with a colour temperature of 2700 Kelvin extra warm white, on request it is also available with 3000 Kelvin warm white.
