Technical details

Land van herkomst	 Italië
Fabrikant	Lumina
Ontwerper	Tommaso Cimini
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	110 - 240 Volt
Projectie in cm	48
materiaal	metaal
dimmen	geïntegreerde Druknop dimmer
schakelbaarheid	twee fasen tuimelschakelaar
Wattage	9 W
LED	inclusief
Kleurweergave-index	97
Lichtstroom in lm	775
Kleurtemperatuur in Kelvin	2.700 extra warm wit
lichtverdeling	direct
Dimensions	H 35 cm

Omschrijving

The Lumina Daphine LED combines classic design with modern LED technology. The individual lamp arms can be swiveled and rotated independently. Together with the 360 ° rotatable head, the lamp is extremely flexible.

The base doesn't contain only the converter, but also a switch for the regulation of the light. A magnetic key, which is supplied, can be switched between the on / off switch and the dimmer at the base of the lamp. The on / off switch has the following levels: One, half light, and off. The dimmer is a touch dimmer, the light intensity is continuously dimmed by long holding. The classic design is offered in the colors black soft-touch, matt white, red, yellow, metallic bronze and nickel plated. As standard, the table lamp has a colour temperature of 2,700 Kelvin, on request it is also available with 3,000 Kelvin. If you like to order this article, please specify the colour temperature under the item Order Review in the field Order Comment.
