| Dimensions | H 36 cm |

Omschrijving

The Lumina Flo Bedside is the smallest table lamp out of the large Flo collection. It is perfectly suitable for using it as bedside lamp hence its name. The Flo family is the result of the first cooperation of Lumina and the design studio Foster & Partners. The design is minimalist and timeless integrating fine details into a slim shape. The Flo Bedside consists of aluminium and steel offered in a variety of surfaces and colours. These are to be chosen next to the picture. This lamp is controlled via the switch attached to the lamp head. This switch has three positions being: Off, 100% light intensity, 50% light intensity. A 3 watt LED with 2.700 Kelvin and 250 lm is integrated into the Lumina Flo Bedside. On request you can order this lamp also with 3.000 Kelvin. If you like to order this article, please specify the Kelvin colour temperature of the lamp under the item Order Review in the field Order Comment.
