#### Omschrijving

The Cao Mao 70 Wall / Ceiling designed by Next is a wall and ceiling lamp of purist design. The Chinese expression Cao Mao means "hat of a rice picker" and as clear shaped as that the light appears very light on the wall or at the ceiling despite its diameter of 70 cm. The Cao Mao 70 Wall / Ceiling radiates a warm light perfectly fitting every room. The light source is an LED with a power of 27.6 watts and a colour temperature of 3,000 Kelvin warm white. On request, a version with a colour temperature of 4,000 Kelvin white is also available. The wall and ceiling lamp can be dimmed on site with a phase dimmer. On request, it is also available in a DALI or a 1-10 Volt / Push dimmable version.
