Omschrijving

The Byok Piani Rondo 28 Downlight is a medium sized version of the three modern round pendant lamps, forming the Piani collection. The lamp body consists of a strip geometry being 8 mm thin and it is milled of massive aluminium. This lamp body is polished by hand afterwards and thus it reflects its surrounding and seems to vanish in it.

Four fine copper wires hold the lighting body of this pendant lamp and they provide for the power supply at the same time. It comes with six LEDs installed - dazzle-free - thanks to the reflector technics used, enabling you, to singly exchange them. These LEDs of the Byok Piani Rondo 28 Downlight radiate an indirect uplight. The three surfaces aluminum matt, aluminum polished and black matt are offered. The canopy has a diameter of 15 cm and is 6 cm high.

The integrated LEDs are on site dimmable with trailing edge phase dimmer. In addition, the lamp is also available on request as a version that can be dimmed via smartphone / tablet using Bluetooth.
