<b>lichtverdeling</b>	direct en indirect
<b>Dimensions</b>	H 48 cm   B 7 cm   L 300 cm

## Omschrijving

The Byok Assiale T is the larger version of the two ceiling lights from the same family of lamps. It has in comparison to the smaller ASSIALE L a length of 300 cm compared to 180 cm of the L-version. Its surface is made of anodized aluminum, on request it is also offered in all RAL colours powdered.

The lighting is offered fixed or in a rotary version. The rotary version is protected against incorrect loading through its spring-loaded mechanism in the joint. Each version is offered in the different versions DALI dimmable or with daylight and motion sensor.
