### Omschrijving

The Catellani & Smith Sorry Giotto 12 has a light body with a diameter of 120 cm. The modern light has efficient LED technology. The lamp uses 15 modern 1 Watt LEDs with a colour temperature of 2700 Kelvin extra warm white. These LEDs are exchangeable. A dimmer is also included. Its annular light body made of hand painted copper is clamped by means of a tensioning cable and a base made of waxed iron between floor and ceiling. Thus, the Sorry Giotto 12 can be designated as a floor lamp as well as a pendant lamp.

The cable to which this pendant lamp is attached, has a maximum of 300 cm, but can be shortened easily if needed to hang the lamp deeper. The Sorry Giotto collection belongs to the family Eco Logic Light shine. In this large group modern, energy-saving LED lights are summarized which are regarded as particularly environmentally friendly and energy-saving.
