

Marset

Funiculi Fabric

Oberfläche

- zand
- wit

Technical details

| | |
|------------------------|--|
| Land van fabricage |  Spanje |
| fabrikant | Marset |
| ontwerper | Lluís Porqueras |
| jaar | 2018 |
| bescherming | IP20 |
| Omvang van de levering | LED 230 Volt |
| voltage geschiktheid | 110 - 240 Volt |
| materiaal | ijzeren, polyester, rubber |
| kabel kleur | zwart |
| kabellengte | 200 cm |
| dimmen | dimbaar op locatie |
| base/versie | E27 |
| schakelbaarheid | aan de lijn |
| Wattage | 8 W |
| LED | inclusief |
| Schaduw diameter | 33 cm |
| schermhoogte | 28 cm |
| kandelaar Dimensions | 30 cm |
| bulb vervangen: | ter plaatse zelf |
| Dimensions | H 158 cm |

Omschrijving

The Funiculi is one Marset's most emblematic lamps. Its design is over 30 years old, but is still just as modern and functional as the day it was designed. With its direct or indirect light, easily adjustable height and variety of bright and subdued colours, the series leaves little room for innovation. Yet there's one avenue that remains unexplored. Heir to the first floor lamp is the Funiculi Fabric with a fabric shade, a design that Lluís Porqueras first conceived in 1979 but that is only 2018 seeing the light of day. Respecting the initial design to the fullest, only its proportions have been updated. In this new version, the cloth on the shade unlocks the light, allowing it to filter through and better illuminate the space. It shares the same structure as the original, so you can easily adjust the lamp to your desired height. The essence of both lamps continues to be their simplicity, but the new design is chic and classical, perhaps even more sophisticated than the original. This floor lamp is available with a shade in white and sand, base and rod are always made in black lacquered iron.
